

## BSC Used Skate & Apparel Sale Tips:

- Register to receive email blasts from BSC – dates and information for the Used Skate & Apparel Sale are always posted on the website, but signing up for email blasts is an excellent way to get timely reminders
- **All skating apparel that you have can be included i.e. tights, leggings, tank tops, zip jackets, sweatshirts, jackets etc.**
- Be respectful of the set item drop off times, and the pick-up time for times that did not sell. If you are unable to pick up your items at the specified time, please have someone pick-up on your behalf, and let a volunteer know someone is doing that for you when you drop off your items
- **Do not submit plastic molded skates for sale. The molded plastic is hazardous due to the rigid material. We want to ensure that everything in our sale is safe, and gives every skater the best chance to have a successful skating season.**
- You will find both **Item Tags and an Item List** templates online – go to our website and login. Go to Events and you'll see Skate and Dress Sale. Click on that description and you will see links to the forms you need to fill in before dropping off your items.

Each item you wish to include in the sale must have a Skate Sale Tag filled in fully, see the examples below:

### **Example of a correctly completed Skate Tag:**

Name:	Ivana Skatealot
Item #	#1
Description:	Girls Size 3.5 Jackson Skates
Price:	\$35.00

- **Each skate must have its own tag, so they can be matched up quickly into a pair again if they are separated, please use scotch tape to attach your tags to your skates. Place the tags on the heels, so they are easily visible**
- **Use your name, rather than the name of your skater.**
- Item number is up to you, as you will also fill in the Skate & Apparel Sale Item Sheet to match. It is very helpful if you number and list your items in numerical order if you can
- In the description include the size and the brand of the skates
